

Baccalaureate Degree Plan (BDP)  
Associate in Science (AS) to BS Chemistry – Chemistry Concentration

The sequence below is contingent on completion of the AS degree from a college in the North Carolina Community College System (NCCCS). It represents one way in which the program of study can be completed. Following the BDP does not guarantee admission to UNCG or guarantee an AS or BS degree will be conferred. Students should seek academic advising to determine the best course of study to meet educational goals and degree requirements. [Refer to the University Admissions website for more information on admission and transfer of credits.](#) *NOTE: Credit will only be awarded for transferable courses for which a grade of C (2.0) or better is earned.*

Pages 1 and 2 reflect the suggested North Carolina Community College system category/course selection for the AS. Review the [NC Transfer Course List](#) for full listing of courses by designation – UGETC, CAA GEN ED, Pre-Major/Elective. Pages 3 and 4 reflect the academic plan of study, following completion of the AS and transfer to UNCG. This BDP is based upon full-time enrollment (12 or more hours) each semester.

**NC Community College First Year  
Fall Semester**

NCCCS Course	NCCCS sh	UNCG Course Equivalent	UNCG sh
ACA 122 (Pre-Major/Elective)	1	ELE 000 Free Elective	1
CHM 151 (UGETC)	4	CHE 111 & CHE 112 General Chem I & Lab	4
ENG 111 (UGETC)	3	ENG 101 Exploring Writing in College Contexts	3
Communications/Humanities/Fine Arts (UGETC)	3		3
MAT 171 (UGETC)	4	MAT 150 Precalculus I	3

MAT 272 (UGETC)	4	MAT 296 Calculus B	4
CHM 252 (Pre-Major/Elective)	4	CHE 352 & CHE 353 Organic Chemistry II with Lab	4
<b>Total semester hours earned:</b>	<b>15</b>		<b>15</b>

*Table 4 NC Community College Second Year – Spring Semester Course Selections*

Total hours earned for the AS degree: 60-61

Note: the AS requires 11 hours of CAA GEN ED

The AS also requires an additional 14 SH of courses to be selected from courses classified as pre-major, electives, or general education courses within the CAA (ACA 122 is required)

If a student places in a higher math, PHY 152 (PHY 212), PHY 252 (UNCG PHY 292) meet major requirements. It is not either is completed as part of the AS. The course is listed on the UNCG course plan.

#### UNCG Second Year

Fall Semester	sh	Spring Semester	sh
CHE 401	0	CHE 402	1
CHE 420 OR CHE 456	3	CHE 442	3
CHE 461 & CHE 463	5	CHE 462 & CHE 464	4
CHE 481	2	Chemistry Concentration Elective	3
PHY 292 & PHY 292L	4	Elective (OR CHE 457, if CHE 456 taken)	3
Elective	1		
<b>Total semester hours earned:</b>	<b>15</b>	<b>Total semester hours earned:</b>	<b>14</b>

Table 6 UNCG Second Year, Fall and Spring Course Selections

The Bachelor of Science in Chemistry – Chemistry Concentration requires a minimum of 120 semester hours (sh). Only major requirement and related area requirement courses at or below the 300-level in which grades of C- or better are earned will be counted toward the major. Students must earn a C- or better in prerequisite major requirement and related area requirement courses before advancing to subsequent courses. Students must have an overall GPA of at least 2.0 in CHE courses at UNC Greensboro. UNCG requires a minimum 2.0 overall GPA for graduation.

Within the College of Arts and Sciences, students are required to demonstrate intermediate-level proficiency in an additional language. The typical sequence of UNCG courses for language is 101, 102, 203, and 204. College of Arts and Sciences considers successful completion of the 204 course a demonstration of proficiency. Students who transfer 60 or more credits to UNCG can satisfy this requirement by successfully completing a 102 course (equivalent of foreign language 112 at a NC Community College).

For more information, visit the Department website: <https://chem.uncg.edu/undergraduate/bs-chemistry/>

*This plan reflects the degree program's requirements published in the 2022-2023 university catalog. All guides are meant as an example of how a degree can be completed. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing an individual academic pathway.*
